## Remodeling, Expansion Completed At McMahan's

Remodeling, face-lifting, and enlargement of McMahan's Furniture store, corner Sartori and El Prado, was completed this week, according to Thomas H. McMahan, president of the company.

## Stoner Given Probation In Shooting

Lyle K. Stoner, 51, of 4244 West 179th street arrested in June on a charge of assault with a deadly weapon, had the charge reduced to simple battery. He was given one year's probation recently in South Bay municipal court by Judge John Shidler.

Stoner became involved in the shooting of Marcellus Hart, 17, of 4100 Sepulveda when Stoner was asked for help by two teenagers who stated that they expected trouble from individuals in a car which had followed them.

Stoner sent the occupants of the car away but they and a car-load of other teenagers returned shortly after.

At that time, Stoner came out of the house carrying a shotgun. The gun discharged and struck Hart in the thigh. According to Stoner, he shot in self-defense upon being struck on the head by some object. Hart and friends maintained that they were nowhere near Stoner and that they did not hit him with anything.

## Request to Build Hotel Under Study

Permission to build a swank resort hotel between Palos Verdes blvd., and the ocean bluff just north of the Palos Verdes Estates boundary was asked this week of the Torrance Planning Commission.

Request for the variance to build this hotel was made by the Don Ja-Ran-corp. and the Peerless Building corp.

A committee composed of Comdr. William A. Mason, chairman, Lawrence C. Wing and Bert Lynn was appointed to study the matter.

In a letter to the Commission, Norman L. Stern, attorney for the two firms, stated:

"The natural beauty of this site and its key location would seem to afford an opportunity that would be both something the city might point to and be proud of, and something that would be a financial success for the operators of such an undertaking."

The hotel would be similar

to the Bel Air Hotel and the Santa Ynez Inn, Stern pointed out.

Request for a variance to permit construction of several light manufacturing plants on the southeast corner of Carson street and Crenshaw boulevard was made to the Planning Commission last week by Dresser Equipment company.

Lloyd L. McDonald, representing the builders who will buy the property from the Dresser company if the zone change is granted, stated that present buildings on the corner would be taken down. Modern light manufacturing plants of 7500 to 15,000 square feet of floor space would be built, he said.

He assured a number of residents that the plants would not create noise of smoke and, that they would not be "nuisance factories."

This was the first hearing in the attempt for a zone change from R-3 and C-1 to M-1.
